

# LET'S KEEP YOU ROLLING!

Forecast Mobile Lite is an app for Android and iPhone that allows you to check if a container is available before you arrive at Conley Terminal. We want to help keep you and your rig rolling through the port!

**To use Forecast Mobile Lite, you must first have a Forecast user account for Conley Terminal. If you don't have one, ask your dispatcher to get you set up.**

# WHAT DO YOU NEED TO DO?

1

For Android users,  
go to Google Play

For iPhone users,  
go to the App Store

2

Search for  
"Forecast"  
to download the app

Search for  
"Tideworks Forecast"  
to download the app

3

Launch the app and log in with your Forecast user account. You are ready to start using Forecast Mobile Lite!

# WHAT CAN YOU EXPECT?

The first time you launch **Forecast Mobile Lite**, you will scroll through a quick start guide showing you the basic features of the app.

After you've read the guide, click on "Done." You will then need to select your terminal.

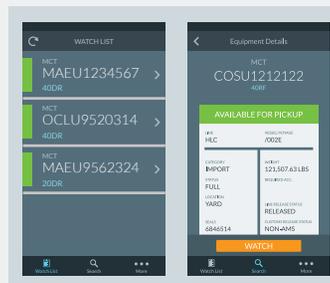

To do this, click on "**More**" at the bottom of the screen, select "**Terminals**" and click "**Paul W. Conley Terminal.**"

Then sign in with your Forecast credentials. (You will only need to do this the first time.)

You can now:

- Search by Container Number or Bill of Lading
- Check availability information
- Add containers to your personal "Watch List."

To refresh your Watch List, simply swipe the screen downward.

**WATCH LIST**  
Gain full visibility over the equipment that is essential to your operation. View detailed information, and check the status to eliminate costly drive and wait times at the gate.
