TO: All Subscribers of the Massachusetts Port Authority Container Tariff No. 1 and Valued Customers

The Board of the Massachusetts Port Authority voted to increase rates in its **Container Tariff No. 1**, which applies to the Paul W. Conley Container Terminal. The rate changes are **effective October 1, 2023**.

The charges in Container Tariff No. 1 have increased approximately 5%. These rate increases will offset the increased fringe benefit costs associated with the ILA master collective bargaining agreement. The rate increases will support and sustain the terminal operations that Massport owns and operates as well as finance the critical Conley capital projects for RTGs and other yard equipment upgrades to help meet Massport's Net Zero goal by 2031. The rates were last increased October 2022.

Further, the updated schedule of fees can be found at the end of the document for easy access.

The tariff is available through the Authority's website site at:
