1 BACKGROUND

Over the last decade Boston Logan Airport's international Terminal has been undergoing a dramatic transformation. Several additions and renovation projects have been completed to expand and modernize Terminal E to meet the demand and standards of the current day international traveler. The Operational Improvements (OPI) project is intended to expand upon the recent enhancements by addressing many of the inefficiencies in the existing facility's core functions. These include upgrades to; the Baggage handling systems, the Customs and Border Patrol (CBP) screening process, the arriving passenger's experience, building circulation and the baggage claim hall.

This project will be completed in multiple phases with corresponding design packages that capture specific and coordinated collections of scope.

The Authority is implementing this project in accordance with MGL Chapter 149A, Sections 1 thru 13. The Authority is seeking Qualification Submittals from trade contractors that have demonstrated experience in performing the type of work needed to complete the described renovations. This pre-qualification of trade contractors conforms to MGL Chapter 149A, Section 8, subsections (b) to (k) inclusive. The Request for Qualifications (RFQ) will be utilized to pre-qualify trade contractors who have a demonstrated experience in the construction and implementation of similar work in terms of scale and complexity.

The project will be bid in one phase, which provides Trade Contractors with the opportunity to be prequalified for one submission of information. Qualification Submittals are being requested from trade contractors capable of performing the following classes of work: **Terrazzo, Elevators**

All trade contract agreements will be executed between the awarded CM-at-Risk and the selected trade contractors. The Authority shall utilize a two-step process, which includes the pre-qualification of trade contractors based on an evaluation of the submittals received in response to this solicitation, followed by an Invitation to Bidders that will only be issued to the pre-qualified trade contractors. Please note that the Authority intends to approve a list of qualified subcontractors (who are not trade contractors) with the CM-at-Risk for this Contract at a separate time in accordance with MGL Chapter 149A Section 8, subsection (j).

2 SCOPE OF WORK

This project will be completed in multiple phases with corresponding design packages that capture specific and coordinated collections of scope.

- Part 1:
 - Interior renovation of the existing passenger bag claim area
 - 2,500 square feet of building addition to the existing bag claim area to add to 2 new claim devices with required baggage feeds from the exterior airside area.
 - Interior renovation of the secure CBP Secondary Screening Suite that includes over 45,000 square feet of secured occupiable space for CBP staff operations.
 - Removal and replacement of two existing structural braces
 - 300 linear feet of new secure blast wall and required site work.
- Part 2:

- Install of 5 New Pit-less Moving Walkways installed on the surface of the existing slab of the arrival's corridor.
- Renovation of existing curved arrivals corridor to accommodate longer straight sections of moving walkway; Including Walls, Ceilings and finishes.
- Modification and relocation of existing building systems that conflict with moving walkway alignment.
- Install of automatic exit lanes.
- Part 3:
 - Modifications and Enhancements to the existing Baggage Handling System (BHS); Including new carousels, stripping belts with weather protection and canopies, new sorting systems and PLC upgrades.
 - 25,000 square feet of interior renovation of existing Custom's Hall and CBP Primary Screening area.
 - New Vertical Circulation for arriving passengers from level 2 to level 1; Includes 4 Elevators, 1 Escalator and 2 sets of Stairs.
 - Modification of existing roof trusses and vertical expansion of the existing roof to create an atrium for the new vertical circulation.
 - New Vertical Circulation from level 1 to level 4 for integration and connection with the adjacent garage project; Includes 3 Elevators, 4 Escalators and 1 set of stairs connecting 4 floors.
 - Construction of a new single story 50,000 square foot Outbound Baggage Building including all BHS feeds and 6 new carousels.
 - 27,000 square feet of interior renovation to expand the existing bag claim hall to add 2 new bag claim devices with required baggage feeds from the exterior airside area.
 - New interior Baggage recheck area with custom service desks and BHS devices.

The total estimated cost of the Project is approximately \$123 million and the construction duration is approximately 4 years. The notice to proceed for construction is expected in September 2024.

For the purpose of defining the experience required for Qualification Statements being requested at this time, the general Scope of Work for each of the specific trade contractor categories includes the following:

- ◆ **Terrazzo** – The scope of work for this trade category is estimated at \$3,756,000. The trade contractor is expected to be experienced in and capable of tying into existing flooring, as well as constructing new complete flooring systems.
- ◆ **Elevators** – The scope of work for this trade category is estimated at \$11,405,000. The trade contractor is expected to be experienced in and capable of installing elevators in new and existing structures.

3 SUBMITTAL PROCESS and SCHEDULE

In accordance with M.G.L. Chapter 149A, Massport and the CM-at-Risk are implementing a two step process beginning with an RFQ which shall be utilized to pre-qualify competent trade contractors who are capable of constructing the scope of work described herein. A Pre-Qualification Committee is comprised of four representatives including the Massport Project Manager, the Massport Assistant Director and one each from the Designer and the CM-at-Risk. This Pre-Qualification Committee will be conducting qualifications

based evaluation of submittals received from interested trade contractors in order to identify pre-qualified trade contractors who will be subsequently invited to respond to a written Invitation to Bidders. Upon receipt of the Qualification Submittal in response to this RFQ, the Pre-Qualification Committee will be responsible for reviewing the documents independently. Then, the Pre-Qualification Committee will meet to evaluate and review each submittal and will then score them in order to create a list of pre-qualified trade contractors.

The decision of the Trade Pre-Qualification Committee shall be final and binding and not subject to appeal except on the grounds of fraud or collusion. An individual trade contractor's score shall be made available upon request, but shall not be a public record and shall not be open to public inspection, to the fullest extent possible under the law. In addition, financial information provided from a trade contractor shall remain confidential and shall not become a public record and shall not be open to public inspection, to the fullest extent possible under the law.

Only the pre-qualified trade contractors will be eligible to receive an Invitation to Bid to participate in submitting a bid. Massport and the CM-at-Risk shall utilize an Invitation to Bid in order to make a final selection of each trade contractor. Pre-qualified trade contractors shall be invited to submit a bid along with a Bid Bond pursuant to an Invitation to Bid that shall include the bid documents for the Project. Massport shall open bids publicly. The CM-at-Risk shall award each trade contract to the lowest responsible and eligible bidder. The trade contractors shall be required to execute a standard Trade Contractor Agreement in the form identified in MGL Chapter 149A, Section 8, subsection (k) and provide the required insurance, performance and payment bonds also identified in Section 8 and in the full amount of the trade contract.

The schedule for creation of the list of pre-qualified trade contractors is as follows. Please note that all times listed are Eastern Daylight Savings Time (EDST) and that Massport will do its best to adhere to the schedule provided below.

- ◆ RFQ Advertised: Wednesday, May 22, 2024
- ◆ Supplemental Information Package available: Wednesday, May 22, 2024
- ◆ Deadline for Submission of Written Questions: Friday, May 31, 2024
- ◆ Qualification Due: Thursday, June 6, 2024
- ◆ Anticipated Trade Prequalification: Thursday, June 27, 2024

Submission Deadline:

For each trade you are applying for Qualifications shall be submitted electronically no later than 12:00 PM Local Time, on Thursday, June 6, 2024 via Bid Express and shall be addressed to:

<https://www.bidexpress.com/businesses/27137/home>

Luciana Burdi, Intl. Assoc. AIA, CCM, MCPPO, NAC
Director of Capital Programs and Environmental Affairs
Massachusetts Port Authority, Capital Programs Department
Logan Office Center
One Harborside Drive East Boston, MA 02128

Submittals not received by Massport by the 12:00 PM Local Time deadline on Thursday, June 6, 2024 will be rejected.

All submissions must be in .pdf format and able to be read on a computer and printed on 8 ½” x 11” paper, unless otherwise specified.

Questions may be sent via email to CPBidQuestions@massport.com subject to the deadline for receipt stated in the timetable above. In the subject lines of your email, please reference the **MPA Project Name and Number**. Questions and their responses will be posted on Capital Bid Opportunities webpage of Massport <http://www.massport.com/massport/business/bids-opportunities/capital-bids/> as an attachment to the original Legal Notice and on Comm-BUYS in the listings for this project.

Companies responding to the RFQ are responsible for the costs associated with the development and submission of a response.

4 SUBMITTAL REQUIREMENTS

Submissions in response to the RFQ shall be organized and presented as outlined below.

THE QUALIFICATION SUBMITTAL WILL BE REJECTED IF ANY OF THE MANDATORY REQUIREMENTS ARE MISSING. Massport will not reach out to request any missing or incorrect submission requirements. Massport will send back the submittal with a letter explaining of the rejection.

PLEASE SEE ATTACHED SCHEDULES IN APPENDIX A FOR YOU TO COMPLETE.

A. Cover Letter

Each Submittal shall include a cover letter signed by an individual authorized to contractually bind the trade contractor. The Cover Letter shall (1) clearly state the name of the RFQ; (2) introduce the company, and indicate the trade category that the content of the Submittal is responding to; (3) provide the name, title, address, telephone number and email address of one or more individuals who are authorized to sign a contract; and (4) provide an original signature of a person authorized by the company to enter into legally binding contract. The words, “**signed under the pains and penalties of perjury by**” **MUST** appear immediately above the authorized signature. Notarizing the document does not take the place of “signing under the pains and penalties of perjury”. Please note that there are no points awarded for providing a Cover Letter but it is a **required** component of the Submittal.

B. Evaluation Criteria

The Pre-Qualification Committee shall review the submittals in accordance with the following statutory Evaluation Criteria including Management Experience, References and Capacity to Complete Projects. The

Point Rating System that will be utilized by the Pre-Qualification Committee has two types of requirements. The first is that in order to be pre-qualified a trade contractor must receive a minimum total of seventy (70) points and the second is that of those seventy points, at least twenty-five (25) points must be earned from Management Experience and at least fifteen (15) points must be earned from References and at least ten (10) points must be earned from Capacity to Complete Projects.

The following is a breakdown of the Point Rating System that will be utilized by the Pre-Qualification Committee. The Pre-Qualification Committee will review the information provided by the trade contractor in order to determine how many of the maximum points should be awarded for each category.

1 ***MANAGEMENT EXPERIENCE*** ***max 50 points (need minimum 25 points)***

a) Business Owners **max 3 points**

Provide the name, title including a detailed description of the role and job responsibilities, scope of work and number of years with the firm for each of the business owner(s) of the firm. Interested Trade Contractors **MUST COMPLETE** *Schedule A*.

b) Management Personnel **max 15 points**

Provide the name, title, including a detailed description of the role and job responsibilities, scope of work, education, construction experience, years with the firm and list of all project completed for all management personnel who will have any direct or indirect responsibility over the Project, including but limited to project executive, project managers, field superintendents and field engineers. Interested Trade Contractors **MUST COMPLETE** *Schedule B*.

c) Similar Project Experience **max 20 points**

Provide the project name(s), a description, scope of work, original contract sum, final contract sum with explanation, and date of completion for each and every similar project undertaken by the firm in the last five (5) years. Interested Trade Contractors **MUST COMPLETE** *Schedule C*.

d) Terminations **max 2 points**

Provide a list of any projects on which the firm was terminated, held in default, or failed to complete the work within the last five (5) years. Include the name of the project, the timeframe of the project and circumstances surrounding the termination or default. Interested Trade Contractors **MUST COMPLETE** *Schedule D*.

e) Lawsuits/Legal Proceedings **max 5 points**

Provide a list of all lawsuits in which the trade contractor is a defendant or defendant-in-counterclaim with regard to construction contracts within the last 3 years. Please note that the lawsuits listed shall not include actions that primarily involve personal injury, workers' compensation claims, or where the sole cause of action involve the trade contractor's exercise of its rights for direct payment. Interested Trade Contractors **MUST COMPLETE** *Schedule E*.

f) Safety Record

max 5 points

Provide the three (3) year history of the Trade Contractor’s workers’ compensation experience modifier. In addition, provide documentation for the Trade Contractor’s insurance carrier supporting the rating history provided. Interested Trade Contractors **MUST COMPLETE *Schedule F***.

2 REFERENCES

max 30 points (need minimum 15 points)

It is imperative that the contact information provided by the trade contractor is current and reliable and that such contact persons are willing and able to provide references. The trade contractor is urged to contact its references in advance to ensure that the contact information is correct and these individuals will be in a position to answer the Committee’s questions. The Committee will do its best to connect with references but if it is not successful in obtaining references, or if the references are unwilling or unable to provide the type of information being requested, then the trade contractor will not be in a position to earn points under this category, resulting in an inability to be pre-qualified for the Project. There are not a specific number of points assigned to any one reference. However, the Pre-Qualification Committee will need to receive a sufficient number of good references in order to be able to award sufficient points to a trade contractor under this category. Please note that although the Committee retains the right to contact any reference provided by the trade contractor, in order to manage the process in an effective and timely manner, it plans to contact Client References first and will contact Credit Reference or Public Project Record references if more information is needed after contacting Client References.

a) Project References

Provide a client who is the party that you contracted with, as a reference from each of the five (5) similar projects listed and provide the project name, client name and address, telephone number, and email for a contact person from each client. The trade contractor is required to provide references and contact information for each of the five projects listed under Similar Project Experience on SCHEDULE C. Interested Trade Contractors **MUST COMPLETE *Schedule G***.

b) Credit References

Provide a minimum of five (5) different credit references, including key suppliers, vendors and/or banks and provide the name, title, address, telephone number and email address for a contact person from each of the Credit References listed. Interested Trade Contractors **MUST COMPLETE *Schedule H***.

c) Public Project Record

Provide a list of all completed public building construction projects (as defined by M.G.L. c. 149 §44A worked on during the past three (3) years with the project name, scope of work, contract value, start date, completion date, status of the project, owner’s name (including address, telephone number, email and contact person) and architect’s name (including address, telephone, email and contact person). Interested Trade Contractors **MUST COMPLETE *Schedule I***.

a) Prior Revenue

Provide annual revenues for the *prior* three (3) fiscal years. Interested Trade Contractors **MUST COMPLETE Schedule J.**

b) Revenue under Contract

Provide details on revenue under contract for the *next* three (3) fiscal years. Interested Contractors **MUST COMPLETE Schedule K.**

C Other Mandatory Requirements

It is important to note that although there are no points allocated for these mandatory requirements, submittal **will not be accepted if it does not contain the following:**

- **Bonding Capacity:** Provide a commitment letter from a surety company licensed to do business in the Commonwealth of Massachusetts and whose name appears on the United States Treasury Department Circular 570 for payment and performance bonds in an amount equal to or greater than **one hundred and ten percent (110%)** of the estimated trade contract value for the subtrade that the Trade Contractor is seeking prequalification for.
- **DCAMM Certification:** A **currently valid** Certificate of Eligibility issued by the DCAMM (Division of Capital Asset Management and Maintenance) pursuant to section 44D of Chapter 149 and a ***Sub-Bidder Update Statement*** **must** also be submitted as part of the package.
- **Cover Letter:** Each submittal must have an original signature of a person authorized by the company to enter into a legally binding contract. The words, “**signed under the pains and penalties of perjury**” **must** appear immediately above the authorized signature. Please note that notarizing the document does not take the place of signing under the pains and penalties of perjury.

5 PUBLIC PROJECTS RECORD

Massport shall seek to hold all financial information (Schedule J & K) in confidence, to the extent consistent with applicable law. A trade contractor’s score for this prequalification process shall not be a public record and shall not be open to public inspection, again to the fullest extent possible by law.

APPENDIX B TRADE CONTRACTOR RFQ RESPONSE CHECKLIST

PLEASE NOTE THAT INCOMPLETE OR LATE APPLICATIONS FOR PREQUALIFICATION WILL NOT BE CONSIDERED. THEREFORE BEFORE SUBMITTING A RESPONSE TO THIS RFQ, PLEASE REVIEW THE FOLLOWING:

- Did respondent Trade Contractor provide a cover letter signed by an individual authorized to contractually bind the trade contractor above the words “Signed under the pains and penalties of perjury?”
- Did respondent Trade Contractor fully complete *Schedules A through K* and attach all required documentation?
- Did respondent Trade Contractor attach the resumes of owners and management personnel identified in respondent Trade Contractor’s responses to *Schedule A and B*.
- Did respondent Trade Contractor attach the required documentation from respondent Trade Contractor’s insurance company supporting the workers’ compensation modifier history reported in *Schedule F*?
- Does respondent Trade Contractor have the current contact information for all of the references reported in *Schedule G, Schedule H* and *Schedule I*?
- Did respondent Trade Contractor attach a commitment letter for payment and performance bonds in the form required and for a value of 110% of the trade contract value?
- Did respondent Trade Contractor attach a completed and signed *Update Statement* using the most recent form available on the DCAMM website?
- Did respondent Trade Contractor attach a currently valid DCAMM *Certificate of Eligibility*?
- Did respondent Trade Contractor include the original and all required copies of the entire application package?
