Responses to Questions:

- 1. Please clarify exactly what this project involves...In one place, it says and Engineer is needed for fire protection and in another place, it says an Architect for on-call design services.**

MPA Response:

The consultants shall demonstrate experience in several disciplines, including but not limited to Architecture, Mechanical, Electrical, Fire Protection, Fire Alarm and Code Compliance with an emphasis on Life Safety code compliance, as it pertains to Fire Protection systems only.

- 2. Can you please provide details related to how architectural, mechanical, and electrical scope will be limited in 3rd party reviews? It is understood that the contract is focused on fire protection and the question is related to how that line will be drawn in scope for the supporting disciplines.**

MPA Response:

The reviews will be limited to code compliance as it pertains to Fire Protection systems only.

- 3. Is Lean project management experience required? It is noted in a parenthetical list in Evaluation Criteria Item 3.**

MPA Response:

Lean is not required for this Contract.

- 4. Could MAAB, ADA and accessibility be part of this Contract?**

MPA Response:

No. Design/Construction Document reviews are limited to Fire Protection systems only.
